The Banshees of Inisherin

Colin is old.

Beautiful setting

And... on go the subtitles.

Got a good cast of characters set up.

I'm on the lookout for crosses. Don't know if there'll be anything in it.

Had to look up when it's set. "Civil War?"

Whoa, naked man.

April, 1923

Interesting light bleed around the open door. Film?

What do these people do for work?

T: "His eyebrows are such a triangle."

I have this foreboding that everyone will understand what Colm's getting at except Padraic.

"How's fingers the first port of call?"

Why, if they have such a big house, do Padraic and his sister sleep in the same tiny room?

Pretty great sweater there, Colm. Great sweaters all around.

Old lady is creepier by daylight.

Huh
